SUBJECT: WALK4RECOVERY DONATION REQUEST

New Creation Behavior Healthcare Foundation (NCBHF) is a 501(c) (3) nonprofit organization that is devoted to the health and wellness of the Inland Empire. NCBHF has been providing the highest quality of treatment programs since the founding of His House in 1994. Thousands of individuals who may not have otherwise received treatment are now productive members in our community. It is our goal not to have to ever turn anyone away who is seeking treatment. We believe that everyone should be provided with advanced, innovated, treatment and recovery regardless of their ability to pay. In order to meet this goal we need generous donors like you to help to support those individuals. Please, read some of the inspiring testimonials posted on NCBHF.ORG The staff, alumni, and volunteers throughout the community have organized a spectacular fundraiser to raise funds for this well deserved cause.
